Our *Mi'Scents® by Michele®* line of Premium Bath Products will amaze you with the longevity the aromas provide. Some of the Bath Salt scents have been known to linger for over an hour. This way you receive not only the physical benefits of soaking in the natural Sea Salts & Essential Oils but also through Aromatherapy. The advantages will depend on which oils are used in the product you enjoy. The Soaps are equally wonderful. Plenty of essential oils and loads of suds make bathing a relaxing pleasure while the aromatherapy and oils do what they do best.

Our Window Treatments also have a great price. We have both private label and name brand window treatments available. Names like Kirsch, Hunter Douglas, easily recognizable brands you can trust. Companies that have been around for years meeting demanding needs for houses like yours. Curtains, Blinds, Shades, Woods, and more, check out our prices and selection for your window treatment needs.

Our Flooring Materials are also name brands and the prices are less than you would expect to pay. After you search all of the other stores, give us a call and see if our prices are the best. Selections®**
The Right Choice
For Your Garden.®

Proven Winners® is America's #1 Plant Brand. If you've owned one, you know why. They are healthy, hearty, Beautiful plants that thrive when planted. These plants are found in most of America's best Garden Centers because of the quality plants they are. Our Plants come directly from the PW Greenhouse, so you are assured when you order from us to get the plant in the best possible condition. No middle man or people handling your plants before they arrive at your home. No Garden Center not watering your plant for a day or two before someone notices the watering line is no longer in your plant, or some half interested worker too busy talking to another employee to notice your plant isn't getting water. Your plant will come directly from the Proven Winners® Greenhouse to your house. And it will arrive at a cost almost, if not, half the cost of the high priced garden centers. Our normal prices are lower than the sale prices of large retail chain stores.

Give us a try, you will not be disappointed with the product you get. It will be the very same "Proven Winner" plant, just possibly in better condition than one you could buy at the corner garden center.

We accept American Express, Discover, Visa, and Master Card, and of course cash. Place your order before May 1st for best selection and availability. Once the Greenhouse sells out, it takes time to grow more, if they will (depending on time of season and plant type).

If interested call (734)285-3392 to order.

Or Fax us the order sheet to (734)285-3441,

Or E-mail us at Sales@StraightWayDesign.com we will check availability and contact you to set up payment and delivery.
